**Community
Involvement**

This past July, I was privileged to be named Superintendent of the North West Hendricks School Corporation. Over my 25-year career in education, I have served as a middle school science teacher, a middle school assistant principal/athletic director, an elementary school principal, an assistant superintendent, and now as your superintendent.

My wife and I are in our 25th year of marriage and we have four children: a college and graduate student, and a high school and middle school student.

At NWHSC, we know that high quality results are produced from a high level of strategic planning. As a community member, we are inviting you to join us in developing a 3-year comprehensive strategic plan. If you are interested in being a part of this process, please follow these three steps listed below:

1. Visit our website at <http://www.hendricks.k12.in.us>
2. Click on the Strategic Planning Process tab
3. Click on the link titled "Involvement"

Thank you and I look forward to meeting and working with members of this exceptional learning community.
